Personal Accounts

We went to the town of Euroa to interview the suspects involved.

"The men were taken into a locked shed where Ned Kelly and another member of the Kelly Gang stayed with us overnight." - Joe S.

"The women and our children were taken and put into a station house, and we were feed and given drinks without charge. They even paid for what they took."

- Thomas W.

"Me and six other men spent the night interviewing Ned Kelly and found him not to be the evil man the rumors made him out to be."

- Ethan J.

Ned Kelly Strikes Again!

Our settlement of Victoria has been under the thumb of a rigid system. The police have been paid off by the wealthy squatters who have been stepping on the backs of the hard working to get what they want. But to the people working on the worst land and barely scraping by with the harassment of the police. We have someone willing to stand up and fight the crooked system. You might know him as Ned Kelly or the leader of the Kelly gang. And for months he has been fighting the pet police force that has been paid of by the wealthy squatters. He recently took action in a sleepy town of Euroa. The Kelly gang made fools of the police

by using a simple plan and executing it with no violence. They took hostages and separated the women and children and put them in a more comfortable space. Then they disabled the telegraph station and then peacefully took the bank. They took 2,000 pounds in cash and burned all of the poor farmer's debts. Then he paid the hostages for the trouble and rode away to the cheers of his previous hostages.

The Kelly Gang

The Kelly Gang is a group of friends and family that were once a poor family that struggled under the thumb of the rigged land system that keeps the rich, wealthy and there pet police force paid off.

The Kelly Gang has been striking against the wealthy by stealing their livestock and spending the money on defense for the innocent and by buying drinks for the poor. Allowing everyone to celebrate squatter riches becoming there's. Because of the integrity of Ned Kelly who has vowed never to rob an ordinary man. This is why the gang is so popular by farmers and simple tradesman in Victoria. They have been known to sell legal livestock for a low price to fellow farmers in need.

Debts!!!

At the end of Ned Kelly's robbery, he took all of the debts of the poor farmers and burned them. The bank has asked for any farmers with debts to come forward and announce them for a discount. If we find a record of your debt and you did not declare it, you will not be obligated to a discount.
